Nylon Cooking Utensils

## About ENVADE

The ENVADE plastic handle has a soft shape, flexible material, and is easy to care for. It is a product with exquisite design and excellent user experience. This product adopts a smooth line design, which perfectly fits the curvature of the user's palm, making it more comfortable to use. There is also a hanging hole design at the handle, which is convenient for users to hang it on the wall or on a hook, saving space.

Make cooking a pleasure too, perfect for all frying pans, up to 120 kitchenware parts to match.

Finally, the user experience is also a big advantage of this product. After actual measurement and user feedback, we found that the quality of this product is very reliable, and it has a high cost performance.
