## MOJITO REACTIVE GLAZE

Yummy Porcelain's undefined beauty is crafted through natural effects and spontaneous reactions which occur in the kiln. Two different unique glaze formula, combined with high temperature firing, results in no two pieces looking exactly alike and colour intensity variations from piece to piece, creating a truly distinctive look.

# VIENNA GREY SERIES

A modern and delicate embossment with long-lasting durability and strength. Real colour glass glaze and high temperature porcelain with ultimate in shine. Elegant shape with natural dark and light colour which reflect beautifully in the light. Lead and cadmium free, safe for health. Perfect for afternoon tea and family time.

# Coral

Alumina Porcelain

**DE** Die sechste reaktive Glasurentwicklung auf echtem Hartporzellan haben wir dem Element des Wassers gewidmet. Der spanische Name "Coral" steht für Korallen die Fauna, die mit ihnen lebt und die Tiefe der blauen See. Umrahmt wird dieses blau-türkise Spiel der Meeresfarben von einem handgemalten, dezenten braunen Pinselband, das die Brücke zu den anderen reaktiven Geschirren von Holst Porzellan/Germany bildet und somit für ein "Mix & Match" das verbindende Element darstellt.

Reaktives Porzellan naturbezogener Farben wie das tiefe Meeresblau der Serie Coral, vereint den Genuss verschiedener Speisenkomponenten, ohne einzelne von ihnen herauszuheben. Darin liegt das kulinarische Geheimnis der reaktiven Glasuren. Helle Meeresfrüchte, orange Krabben, Krebse und sogar knallrote Tomaten wirken leiser, dezenter und erscheinen auf Coral in Natürlichkeit gebettet. Dabei steht das satte Blau nicht ausschließlich für Meeresfrüchte, sondern verbindet vielmehr alle Arten von Speisen mit dem naturverbundenen Gefühl von Wasser, Natur, Nachhaltigkeit und Gesundheit.

**EN** We have dedicated the sixth development of our reactive glaze on genuine feldspar porcelain to the element of water. The spanish name "Coral" describes the blue seascape and the fauna that live together in a harmonious naturalness. The matt glaze, which is speckled with hundreds of small, black reactive dots gives this melody of colors its unique character. This blue-turquoise play of sea colors is framed by a hand-painted, subtle brown brush band that connects to Holst Porzellan/Germany's other reactive dinnerware, creating the element of "Mix & Match."

Reactive porcelain nature-related colors, such as the deep sea blue of the Coral series, unites the enjoyment of various food components without singling out any of them. This is the culinary secret of the reactive glazes. Bright seafood, orange crabs, shrimps and even bright red tomatoes appear quieter, more discreet and appear to be bathed in naturalness on Coral. Yet the rich blue is not exclusive to seafood, but rather connects all types of food to the nature-inspired feeling of water, nature, sustainability and health.

**CN** 我們將純正長石瓷上的活性釉的第六次開發專門用於有關水的元素上。西班牙名字“Coral”描述了藍色的海景和動物群在一個和諧的自然環境中生活在一起。就像珊瑚本身一樣，活性釉的顏色也會隨著光線的不同從一種強烈的藍綠色變為一種綠藍色。吧光釉，這是斑點與數百個小黑點的反應釉夾雜在一起賦予了這一色彩旋律其獨特的特點。這種藍綠色的海洋色彩是由手繪的微妙棕色畫筆帶框而成的，與Holst的其他反應釉餐具相連，創造了“混合和搭配”的元素。珊瑚主打水的元素，高品質和可持續性，同樣是現代的生活方式。

**Becher 0,35 l**

VPE/PU: 144 / 12 Stück / Piece(s)

活性調製與自然相關的顏色，如珊瑚系列的深海藍，將各種食物的色彩統一起來，而不單獨挑出任何一種。這就是活性釉的烹飪秘密。鮮亮的海鮮、橙色的螃蟹、蝦，甚至鮮紅的番茄也能使其看起來更安靜，更微妙，似乎沐浴在珊瑚的自然之中。濃郁的藍色並非只出現於大海裡，將各種食物與大自然賦予的水、可持續性和健康感等元素聯繫在一起使該系列更完美，連接視覺感受和烹飪樂趣，刺激兩個至關重要的感官。

Holst反應釉的獨特之處在於其組合的多樣性。因此，Coral, Musgo, Carbon, Arena, Granito, Moreno和Tierra系列可以“結合或者混搭”使用，創造出令人眼前一亮的、新穎的、同材質的組合餐具。最重要的是，它們不僅與自身相結合，而且與全白瓷系列融為一體，突出其亮點。

# Granito

Alumina Porcelain

SEL

**DE** Der spanische Name "Granito" entspringt dem magmatischen Granit, der – genau wie Porzellan – seine enorme Härte durch die Verschmelzung von Feldspat und Quarz erhält. Die siebte reaktive Glasurenentwicklung von Holst auf echtem Hartporzellan ist diesem Urgestein gewidmet, das für natürliche Stabilität und Haltbarkeit steht. Kaum ein anderer irdener Grundstoff könnte die guten Eigenschaften des Porzellans besser repräsentieren als Granit. Die Ränder sind mit einem von Hand aufgetragenen, braunen Pinselband versehen und bilden so die Brücke zu den anderen reaktiven Serien von Holst Porzellan.

Reaktives Porzellan naturbezogener Farben, wie das kräftige Grau der Serie Granito, bilden einen modernen und trendigen Rahmen für die Darbietung von Speisen und verstärken so das Gefühl von Nachhaltigkeit, Natur und Gesundheit. Genau darin liegt der kulinarische Erfolg reaktiver Glasuren. Die dargebotenen Speisen wirken leiser und dezenter als auf strahlend weißem Porzellan und lassen sich in einer großen Komposition reaktiver Farben jeweils zu einzigartigen Arrangements zusammenfügen.

**EN** The Spanish name "Granito" comes from the magmatic granite, which, like the porcelain, gets its enormous hardness from the fusion of feldspar and quartz. The seventh reactive glaze development by Holst on genuine feldspar porcelain is dedicated to this primary rock, which stands for natural stability and durability. Hardly any other earthen base material could better represent the good qualities of porcelain than granite. The edges are finished with a hand-painted brown brush band and connect to Holst Porzellan/Germany's other reactive lines.

Reactive porcelain of nature-related colors, such as the bold gray of the Granito line, create a modern and trendy setting for the presentation of food, strengthen the feeling of sustainability, nature and health. This is precisely the reason of the culinary success of reactive glazes tableware. The food presented appears quieter and more subtle than on bright white porcelain, and each can be combined into unique arrangements in a large composition of reactive colors.

**CN** 西班牙名字“Granito”來自岩漿花崗岩。它和瓷器一樣，從長石和石英的融合中獲取了巨大的強度。Holst在真硬質瓷上開發的第七種活性釉是專門用於這種原始岩石上的，它代表了其穩定性和耐久性。幾乎沒有任何一種土基材料能比花崗岩更好地代表瓷器的優良品質。我們將灰色的花崗岩專門用在該系列的瓷器上。這反映了新舊花崗岩的特徵，其表面為棕色活性顏料。高貴的亞光釉，只有仔細觀察才能發現它是活性瓷家族中的一員。邊緣用手繪的棕色畫筆帶完成，與Holst陶瓷的其他反應釉瓷相呼應。

與自然相關顏色的活性釉瓷，如灰色花崗岩線條的大膽使用，為食物的呈現創造了現代與時尚的背景，增強了可持續性、大自然和健康的感覺。這正是反應釉餐具在家庭上成功的原因。呈現的食物看起來比明亮的白瓷更安靜、更微妙，每一種都可以組成獨特的排列，形成大量的活性釉色。這是一個完美的呈現，將視覺感受與烹飪享受相結合，從而激發兩種至關重要的感官。這樣，餐桌就可以一次又一次地翻新，手工製作的瓷器更凸顯使用者的獨特品味。

## QUALITY, for porcelain, and MORE FOR LIFE.

Yummy Porcelain's undefined beauty is crafted through natural effects and spontaneous reactions which occur in the kiln. A unique glaze formula, combined with high temperature firing, results in no two pieces looking exactly alike and colour intensity variations from piece to piece, creating a truly distinctive look.

## SMOKE GREY MATTE SERIES

Yummy Porcelain's undefined beauty is crafted through natural effects and spontaneous reactions which occur in the kiln.
